

## God Gave Strength to Samson Bible Craft

**Bible Story:** God Gave Strength to Samson

**Bible Text:** Judges 13—14

**Suggested Learning Outcome:** This fun craft will help remind children of Samson's great strength.

### Supplies List:

- Bathroom tissue rollers (2 per student)
- Craft sticks (2 per student)
- Felt squares
- String or yarn
- Crayons
- Hot glue gun (teacher only)

### Teacher Preparation:

Pre-cut brown felt rectangles approximately 3 inches by 3 ½ inches. Cut a small slit into the top center of each rectangle. Pre cut string or yarn 7 or 8 inches long. You will need one felt rectangle and one piece of string per student.

### Instructions:

**Step 1.** Give kids a craft stick and instruct them to draw a face for Samson on the top and to draw his feet on the bottom of the stick.

**Step 2.** Carefully hot glue another craft stick across the first stick to create Samson's arms.

**Step 3.** Give students the piece of felt and instruct them to slip this robe over Samson's head. Use the glue gun to secure the robe to Samson's body. When glue is dry and cool, allow students to tie the robe in the middle with the string.

**Step 4.** Using one dab of hot glue, secure Samson to a piece of construction paper or cardstock and instruct students to add Samson's long hair with a crayon. Allow students to glue or tape the two tissue paper rollers onto either side of Samson to become the two mighty pillars Samson destroyed.
